

HENSOLDT AG Reorganization

Effective immediately, HENSOLDT AG has become a party to DSP authorizations and agreements to which HENSOLDT Holding Germany GmbH, its German subsidiary, is a party due to internal corporate reorganization.

Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary for Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved license authorizations. The amendment waiver does not apply to approved or pending agreements.

All currently approved DSP authorizations identifying HENSOLDT Holding Germany GmbH will not require an amendment to reflect this internal corporate reorganization. HENSOLDT AG must provide a copy of this web notice to each applicant to be attached to the currently approved license(s).

Pending authorizations received by DDTC identifying the HENSOLDT Holding Germany GmbH on the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after May 26, 2021, identifying only HENSOLDT Holding Germany GmbH or an operating subsidiary on the license will be considered for return without action for correction.

All currently approved agreements will not require an amendment to be executed to reflect this change. Adding HENSOLDT AG may be made as part of the next major amendment. The agreement holder is responsible for amending their agreement. New DSP-83s must be executed as a result of this reorganization, as applicable.

HENSOLDT AG must notify the agreement holder of the effected organization. Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
